PAINT & FABRIC  
PROTECTION  
PROGRAM

## DOES PAINT AND FABRIC PROTECTION MAKE SENSE FOR ME?

Life happens. From unpleasant road and weather conditions to children and pets, everyday life can be unpredictable and messy, especially when trying to maintain the appearance of your vehicle.

Our Paint and Fabric Protection Program offers superior protection for the inside and outside of your vehicle. Take preventive measures to help maintain the “new” look of your vehicle for many years to come.

### COVERAGE DETAILS\*

Choose a plan that fits your individual needs and budget. Coverage is available for both new and used vehicles for up to 7 years. There are no deductibles and coverage is transferable (administration fees may apply).

#### EXTERIOR PROTECTION

Create a protection shield from harsh environmental elements that can cause damage to the finish of your vehicle. Axiom's Paint Protectant system creates a protective coating utilizing the latest nanochemistry to strengthen and improve automotive paint from the following:

- Bird waste
- Road salt
- De-icing agents
- Insects
- Exposure to sun
- Hard water etching
- Tree sap
- Acid rain
- Industrial fallout
- Cracking or peeling paint
- Loss of gloss

#### INTERIOR RIP/PUNCTURE PROTECTION

We guarantee the treated fabric/leather/vinyl of your vehicle will remain free of weather-induced or ultraviolet-induced weakening of the fabric/leather/vinyl surfaces resulting in fading, cracking, loose stitching, rips or tears less than 3 inches, or punctures less than 1 inch in diameter, and if not, the damaged area will be repaired and the surface retreated.

#### INTERIOR PROTECTION

Axiom's Leather Protectant is a treatment designed to condition and protect the natural softness and beauty of leather and vinyl. The following are examples of incidents that are covered:

- Food
- Drink
- Urine
- Feces
- Baby diaper contents
- Pet stains
- Topical oils or lotions
- Gum
- Crayons
- Ink
- Dyes

All exterior and interior coatings and sealants will be applied to your vehicle by trained technicians before you leave the dealership.
