## DOES A THEFT PROTECTION PLAN MAKE SENSE FOR ME?

In 2013, there were nearly 700,000 motor vehicles reported stolen in the United States - that's a vehicle stolen every 45 seconds. Nearly 45 percent of these vehicles are never recovered.

The true cost of auto theft goes well beyond the loss of your vehicle. Insurance companies often only cover your vehicle's market value at the time of loss, leaving you with large, out-of-pocket expenses such as deductibles, interest on your loan, and a down payment and sales tax for your replacement vehicle. Prevent your vehicle from being a target.

Ensure peace-of-mind knowing your vehicle is protected.

## HOW IT WORKS\*

This Theft Protection System is a highly effective way of deterring thieves from targeting your vehicle and will be installed on your vehicle before you leave the dealership.

Theft Protection System has flexible terms so you can choose a plan that is right for you. Select a term from 1-6 years and a \$2,500 or \$5,000 benefit. The following illustrates how the Theft Protection System can cover costs related to the theft of your vehicle.

Replacement vehicle costs (down payment, sales tax and other fees)	\$2,000

Amount You Owe	\$0
