### LIMP ALONG COVERAGE

If your vehicle experiences a breakdown due to an undercharged/exhausted HYBRID/EV battery, a service provider will be dispatched to your location to charge the battery, or we will arrange to have your vehicle towed to the nearest charging station.

## PROTECTION FOR THE UNEXPECTED

The purchase price of automobiles continues to increase annually, along with the cost of repairs. Extending the protection for mechanical, tech sensors, and components is one of the best investments you can make in your vehicle.

The product being offered is a service contract and is separate and distinct from any product or service warranty, which may be provided by the manufacturer, importer, or seller.
